CALVIN OKER

calvinoker8@gmail.com | +256 776 729158 | Kampala, Uganda

PROFESSIONAL SUMMARY

Dedicated and results-driven IT Systems and Network Engineer with experience in network administration, systems infrastructure, cybersecurity, and technical support. Skilled in Linux systems administration, network troubleshooting, SQL databases, infrastructure monitoring, fault diagnosis, and performance reporting. Experienced in analyzing system performance, identifying risks, resolving technical faults, and supporting mission-critical IT environments. Strong ability to collaborate with technical teams and communicate effectively with customers to deliver reliable technology solutions.

CORE COMPETENCIES

- Network Operations & Administration
- Network Fault Diagnosis & Troubleshooting
- Linux Systems Administration
- Infrastructure Monitoring & Support
- SQL Database Management
- Network Availability, SLA & KPI Reporting
- System Performance Analysis
- Incident & Problem Management
- Network Security & Cybersecurity
- Root Cause Analysis
- Risk Assessment & Mitigation
- Customer Technical Support
- Documentation & Technical Reporting
- Team Collaboration & Communication

TECHNICAL SKILLS

Operating Systems

- Linux (Ubuntu, CentOS)

- Microsoft Windows Server

Networking

- TCP/IP, Routing & Switching
- LAN/WAN Infrastructure
- Cisco Networking
- Network Monitoring & Troubleshooting
- VPN Configuration
- Network Performance Analysis

Databases

- MySQL
- Microsoft SQL Server
- SQL Query Development

Programming & Scripting

- Python
- Bash Scripting

Security & Monitoring

- Vulnerability Assessment
- Network Security
- System Hardening
- Performance Monitoring

Tools

- Wireshark
- Nmap
- Microsoft Office Suite
- Git

EDUCATION

Bachelor of Information Technology

Kampala International University, Uganda
Year of Completion: 2019
Class: Second Class Upper

PROFESSIONAL CERTIFICATIONS

- Certified Information Systems Security Professional (CISSP)
- Microsoft Certified Solutions Expert (MCSE)
- Microsoft Certified Solutions Associate (MCSA)
- Cisco Certified Network Associate (CCNA)

PROFESSIONAL EXPERIENCE

IT Network Administrator

Tugende (U) Limited, Kampala
2022 – Present

Key Responsibilities

- Monitor and maintain network infrastructure availability and performance.
- Generate operational reports including system performance, availability, workload, and incident reports.
- Perform fault diagnosis, root cause analysis, and technical troubleshooting of network and infrastructure systems.
- Support Linux and Windows server administration and maintenance.
- Configure and maintain network devices and services.
- Perform vulnerability assessments and implement security recommendations.
- Support database operations and SQL reporting requirements.
- Collaborate with engineering teams to improve operational efficiency and system reliability.
- Communicate with internal stakeholders and users to resolve technical issues.
- Document incidents, solutions, and operational procedures.

PROJECTS & PRACTICAL EXPERIENCE

Network Monitoring and Performance Analysis Project

- Implemented network monitoring procedures for infrastructure performance analysis.
- Generated SLA and KPI reports for system availability assessment.

- Conducted network fault analysis and developed corrective action recommendations.

Linux Systems Administration Lab

- Configured and managed Linux servers.
- Implemented user administration, system monitoring, and security configurations.
- Automated administrative tasks using Bash scripting.

Cybersecurity and Vulnerability Assessment

- Conducted vulnerability scanning using Nmap and Nessus.
- Performed risk assessments and recommended mitigation strategies.
- Evaluated network security controls and system hardening measures.

ADDITIONAL KNOWLEDGE

- Network Infrastructure Operations
- Linux Server Administration
- SQL Reporting and Database Analysis
- IT Service Management
- Network Security Monitoring
- Technical Customer Support

KEY ATTRIBUTES

- Excellent analytical and troubleshooting skills
- Strong problem-solving ability
- Excellent customer communication skills
- Ability to work under pressure
- Team-oriented and collaborative
- Fast learner and adaptable
- Strong attention to detail

ADDITIONAL INFORMATION

- Willing to travel and relocate

- Languages: English (Fluent)
- Available to work flexible schedules
